NT-EVOLUTION IDP

HARD WIRED

REAL-TIME GPS TRACKING

NON-LETHAL DEFENSIVE COUNTERMEASURES

GOST gives you the power to know, wherever you are, that your boat is safe, secure, and ready to enjoy. Affordable, easy to install and simple to use, GOST is the perfect solution for connecting you with your boat.

GOST | GNT-Evolution-IDP-SM-HW-SV

What's Included

110 AC POWER OUT | GNT-IP68-110AC POWEROUT-HW
Water-proof, 110 AC monitoring of vessel shore power.

DOOR / HATCH | GDC-EXT-WGHD
Water-resistant door and hatch contact used to secure vessel access points.

BEAM SENSOR | GNT-IBS-1
Is an Infrared Beam Sensor designed to protect the exterior perimeter of the vessel. When the beam between the emitter and receiver is broken the siren will alarm.

HIGH WATER SENSOR | GMM-HWS
Includes the bracket and the float switch that will be installed in the bilge of the vessel slightly below the vessels factory installed high water sensor.

REMOTE KEYFOB | GMM-KF2
Compact water-resistant design with backlight for buttons and auditory feedback for arming or disarming your security system. The KeyFob performs up to 6 different actions per remote control with a range of up to 150ft.

WATER RESISTANT STROBE | GA-STROBE-WHITE
Ultra small, self contained semi-hemispheric white LED lights. Surface or internal mount featuring 25 scan-lock flash patterns, including synchronize feature for alternating or synchronous flashing.

GOST-UCU

Mini Siren | GA-MINI-SIREN
GOST Acoustics mini water-resistant super loud multi tone marine siren, 125db 20 watt.

GOST | GNT-EVO-IDP-SM-HW-SV | Wired Zones

Wireless KeyFob
