

HUMMINBIRD AUTOCHART™

START UP GUIDE FOR THE AUTOCHART PC SOFTWARE

Installation

1. Insert the AutoChart™ disc into the computer's DVD-Rom drive. The program should automatically start up and display the image to the right on your home screen > Open the folder to view files.

NOTE: If the program does not automatically start up, Open "My Computer" (Windows XP) or Open "Computer" (Windows Vista, 7, 8)

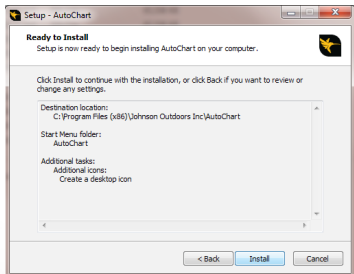

2. Double-click on **autochart_std_PCSetup_2014_1.exe** < or > **autochart_pro_PCSetup_2014_1.exe** (depending on your edition) to begin the installation process.

Name	Date modified	Type	Size
Files Currently on the Disc (18)			
590511-1_v1_000.mds	3/6/2014 11:08 AM	MDS File	2 KB

START UP GUIDE FOR THE AUTOCHART PC SOFTWARE

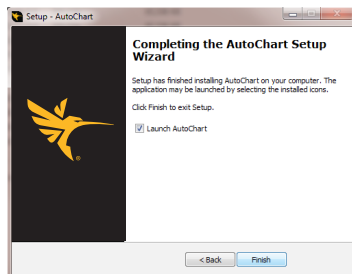

5. Wait for the entire program to finish installing before moving on. This may take several minutes to complete.

6. Once installed you'll be asked to register your product online at www.humminbird.com. Please take a moment to register your product so that we will be able to better serve you by allowing access to product updates in the future.

7. After the product has been installed, Select "Launch AutoChart" and close the Setup Wizard by clicking the "Finish" button.

8. When the AutoChart program opens for the first time, it will ask you to enter your license code in the Program Activation Window. Enter the code that came with your package to launch the program.

If you have any trouble with installing AutoChart or are not seeing the correct screens, please call Humminbird Customer Service for additional help at 800.633.1468.
