

Presta® Marine AEROSOL GLASS CLEANER (1669)

DESCRIPTION

Presta Marine Aerosol Glass Cleaner is a ready-to-use formula that powers away tough dirt, grime, oily films, saltwater residue, and bird droppings. The special blend of polymers and cleaners leaves glass, mirrors, chrome, stainless steel, porcelain, and ceramic tile spotless and streak-free.

DIRECTIONS

Before applying, check colorfastness in an inconspicuous area. If color comes off on a clean, white cloth or the texture changes, discontinue use of product. Presta will not assume liability for damage caused by misuse. Spray directly on the surface to be cleaned. Wipe surface with a damp cloth or sponge to remove dirt. Dry with a soft cloth like Presta microfiber towel #800135 to remove cleaner and bring up shine.

PRODUCT FAQ'S:

Q1: Is Presta Marine Glass Cleaner dilutable?

A1: No, the product is Ready to Use (RTU) and requires no dilution.

Q2: What is wrong if I continue to get streaking after using the product?

A2: There could be multiple factors such as using too much product or towels that contain heavy detergents that can be released from the towel when using a glass cleaner.

3: Will Presta Marine Glass Cleaner work on other surfaces other than just glass?

A3: Yes, the product will work to clean most polished surfaces or glossy surfaces without streaking.

Q4: Is Presta Marine Glass Cleaner safe for tinted windows?

A4: Yes, Presta Marine Glass Cleaner contains no ammonia that could damage window tint.

Q5: Why does your product contain a polymer?

A5: The polymer helps repel water and dirt while reducing spotting.
