SINCE 1981

REVOLVE BOAT HOOK

Revolve has designed and developed a unique, full-size rollable boat hook that stows into a space not much bigger than a coffee cup. The Revolve Boat Hook uses next-generation rollable composite technology to roll up for storage easily and quickly unrolled for use. By minimizing the space it takes up means that it can also be easily carried on craft unsuitable for conventional boathooks, including tenders, dinghies, even jet skis. Lightweight, rugged, and compact, the Revolve boat hook is genuinely revolutionary.

\$119 MSRP

SPACE SAVING

Full length 6' boat hook rolls up to 4.3" x 4.7"

HEAVY DUTY HOOK
With rubber fending tip

ROLLABLE COMPOSITE
Lightweight and corrosion resistant

NON-SLIP FOAM GRIP
Easy to see non-slip foam grip
