

# 439 | track adaptor

for 341 glue on pad

Our track adaptor allows you to mount your favourite track accessories to your inflatable watercraft pre installed 341 mounts.

Simply fasten the track to your 341 mount with the supplied  $\frac{1}{4}$  - 20 x  $\frac{1}{2}$ " stainless steel bolts. Slide and lock our 438 gear head adaptor or ball mount onto the track. Attach your post and ball mount accessories to the adapter and get out on the water.

**Please note:**

Only use  $\frac{1}{4}$  - 20 x  $\frac{1}{2}$ " bolts when fastening the track to your 341 glue on pad. (341 glue on pad and 438 Gear head track adaptor sold separately)

- Smooth low profile for snag free lines
- Top load design allows for easy installation
- Engineering grade fiber reinforced nylon
- $\frac{1}{4}$ - 20 x  $\frac{1}{2}$ " stainless steel fasteners
