COMMUNICATION

2016 PRODUCT CATALOG

2-way FRS/GMRS Radios

Handheld

KEY FEATURES

JIS7 Submersible

Meets JIS7 Standards for Water Submersion (Can be submerged in up to 3ft of water for up to 1 hour)

JIS4 Water Resistant

Meets JIS4 Standards for Water Resistance

Vibrate Alert

NOAA Weather Alert

Checks for Alerts on a NOAA Weather Channel

Lithium Ion Battery for extended use

All Models Feature: 22 Channels (7 FRS and 15 GMRS channels), Roger Beep, Back-lit LCD Display, Battery Strength Meter, Keypad Lock, Channel Scan, Includes: 2 Radios, Belt Clips

Scout

When you want to get away from it all, chances are you'll be leaving cell phone coverage far behind as well. Uniden two-way GMRS radios make sure you're always in touch, even when you're way off the grid.

GMR2035-2

20-Mile Range

VOX Headset (Optional Accessory)

ZA-133
 For All 2-Way Radios

Conventional Scanners

KEY FEATURES

Close Call® RF Capture Technology

Instantly Tunes to Signals from Nearby Transmitters

Close Call Do Not Disturb Mode

Prevents Close Call Checks During a Transmission

TrunkTracker III, IV, and V Technology

Follows Conversations on Trunked Motorola EDACS, and LTR Systems (III) Also Supports APCO 25 Phase I (IV), Phase II and X2-TDMA Systems (V)

Beartracker™ Warning System

Alerts You to Activity on Highway Patrol Frequencies in Your Area

Location-based Scanning

Connects to a GPS Receiver to Automatically Select Local Systems

Band Scope

Graphically Displays Radio Activity

Narrow Band

Operates on the Most Current FCC Frequency Allocation

In this age of instant news, nothing gives you up-to-the-second, unfiltered coverage like Uniden Scanners. Easy to program, easy to use, and always ready to go, you can hear everything from emergency responders to racing pit crews.

BC365CRS

Alarm Clock with Snooze
500-Channel Scanner

Hand Strap
SMA-BNC Antenna Adapter
UPC: 05063365072 1

*Supported with future firmware and App releases.

**Excluding frequencies allocated to the Cellular Radio Telephone Service.

HomePatrol-II

Tune in and stay informed with the HomePatrol-II simple program scanner from Uniden. Just enter your zip code or city on the easy-to-use touch screen, and the scanner will listen for transmissions in your area. The scanner tunes in to open two-way radio signals and allows you to quickly hear the communications systems used by public safety, aircraft, military, weather spotters, and more.

Digital Capable

Receives all unencrypted, nonproprietary radio systems including APCO-25 Phase I and Phase II digital, Motorola, EDACS, LTR, conventional analog and P25 digital channels.

Simple Programming

Using the color touchscreen, just enter your zip code, your local city, or connect a GPS receiver (optional).

Complete Database

Includes radio channel information for the US and Canada from RadioReference.com, the ultimate source for radio system information.

Record & Replay

Hit record and capture all the action on the 4GB MicroSD card (included).

Touchscreen

Clear, context-sensitive help and simple menu options makes the 3.5" color touchscreen easy to use.

Weather

HomePatrol-II can standby to alert you to NOAA All-hazards Alert broadcasts. Alerts are automatically recorded.

Favorites List

Save interesting channels for rapid selection.

Sentinel PC Software

Manage favorites lists, database/firmware updates, and more using the Sentinel software (included).

Auto Shutoff

HomePatrol-II can be programmed to turn off after a set time.

Avoid

Easily turn off systems, departments, or channels you don't want to hear. (Temporary or Permanent)

Mute

Mute silences the audio level for 30 seconds or adjust volume to your situation. (Temporary or Permanent)

Clock

HomePatrol-II time stamps recordings and lets you use the receiver as a table clock when you aren't listening to communications.

USB

Connect to your PC to update HomePatrol-II and retrieve recordings.

No Subscription

Database updates available weekly at no additional cost.

Marine Radios

From rough seas to smooth sailing, you need a marine radio you can count on. Uniden has been keeping professional and recreational mariners in touch for the last 50 years. When your life depends on it, depend on Uniden.

Handheld

KEY FEATURES

JIS8 Submersible

Usable for continuous submersion in water under specified pressure

JIS7 Submersible

Exceeds JIS7 Standards for Water Submersion

Waterproof

Meets JIS4 Standards for Water Resistance

Designed to Float

NOAA Weather Alert

Checks for Alerts on a NOAA Weather Channel While Monitoring a Marine Channel

GPS

One-Touch Emergency Channels

Access Channel 16 at the touch of a Button; Twice for Channel 9

Automatic Distress Call

A Single Button Transmits a DSC Distress Call Including Your Current Location

Dual and Triple Watch

Checks for Activity on Channels 16 (Dual) and 9 (Triple) While Monitoring a Marine Channel

Speaker Microphone

Atlantis 150

The sea is a demanding teacher.

Uniden marine radios have passed the toughest tests of all-decades of real life use in the harshest marine conditions. That's why the first thing we build into every radio is reliability to stay in touch when you need it most. It's also why we deliver the features mariners need most like large screen displays, waterproof performance, one touch 16/9 emergency channels and NOAA weather channels. Because when things get rough, the last thing you want is a radio by someone that's still learning the ropes.
